

## Creating Themes with LLEAP

Upon full participation and completion of this course, participants will be able to:

- Define a Theme.
- Plan and create a new Theme, and edit an existing Theme.
- Navigate the components of Theme creation.
- Create Learner Events and Patient States.
- Test and run the Theme in LLEAP.

### VILT Agenda (with anticipated duration)

- |                                   |   |
|-----------------------------------|---|

| ② Why build a Theme 5 min         | ⑥ Add Learner Events and Categories in SimDesigner 15 min |
| ③ What is a Theme 10 min          | ⑦ Test the Theme 15 min                                   |
| ④ Plan and design a Theme 15 min  | ⑧ Wrap-up/Final thoughts 10 min                           |

### Details

- **What is a Theme:** Use LLEAP to demonstrate how a Theme operates including Learner Events
- **Plan and design a Theme:** Can utilize the Theme Editor Worksheet
- **Create Patient States:** Using LLEAP
- **Add Learner Events and Categories:** Using SimDesigner
- **Test the Theme:** Test with virtual simulator, or customers own simulator

### Educational Representative Responsibility

Your Laerdal Educational Representative has multiple responsibilities during the VILT Course:

- Help you understand Laerdal resources.
- Conduct an interactive agenda to optimize your understanding of Themes and facilitate the development of your proficiency in its operation.
- Facilitate discussions about how Themes in LLEAP can meet your specific program goals.
