

# Laerdal

helping save lives

## ProTech

Enhancing simulator performance with additional coverage and support

Get the assurance that all your vital equipment for simulations will be ready whenever you need it with our all-inclusive coverage plan. Our team of engineers, designers, and support staff, that know every component and part of these simulators, are available to deliver product services on your schedule to fit your needs.

## Purchasing ProTech will give you full coverage on what matters most while:

Minimizing costs

Reducing downtime

Increasing performance

### What's included with purchase:

- **Simulator Installation**  
Receive free installation and basic operating training from one of our specialists
- **Periodic Maintenance**  
Access the expertise of a Laerdal Technical Representative with a set number of on-site visits for the duration of your contract
- **Comprehensive product and simulator coverage**  
Protection for your simulation equipment - simulator, instructor PC/SimPad device and patient monitor  
*\*Applicable only on equipment purchased from Laerdal.*
- **Premium Technical Support**  
Resolution-oriented service that's personalized for your needs, including: a dedicated technical support representative, overnight shipping, expedited repairs, guided software refreshes, and the ability to schedule a session with our Technical Support team
- **Loaner program**  
Reserve simulators will be provided in the event that your simulator requires more invasive measures
- **Updates & Modifications**  
Notification and scheduling from our team regarding any updates or modifications available for your Laerdal products
